

Ames Delivers The Future of Backflow

Manufactured from 304 stainless steel, the Ames Colt™ and Maxim™ Series backflow prevention assemblies are 70% lighter than traditional designs. Lighter weight equals savings on shipping and installation costs. A typical 4" assembly requires 3 laborers and a crane or backhoe to install; with the Colt & Maxim one person can carry the valve and perform the installation. Pick-up the lightest backflow preventers in the industry, Ames Colt and Maxim Series today!

Our 2½"-4" Colt assemblies with butterfly shutoffs are light enough to ship UPS®!
