**Model WPQCM-5
Poly-Alloy Quick-Connect
Multi-Purpose Manifold Kit**

The WPQCM-5 Quick-Connect Multi-Purpose manifold can be used as a stand alone master manifold or as a remote fixture bundle or distribution junction. Can be used with Copper, CPVC and PEX. No tools required to make connections.

WPQCM-5

Specifications

System shall be plumbed using the Watts WaterPEX WPQCM-5 Quick-Connect manifold for any master or remote manifold water distribution requirements.

Approvals

Features

- Listed by the National Sanitation Foundation to Standard 61 for use in potable water systems.
- Manufactured in accordance with American Society for Testing and Materials (ASTM) F-877.
- Listed by IAPMO to be compliant to CSA standard B135.5 and IGC 109.
- Manufactured from Acudel® engineered thermoplastic resin.

Caution: The polysulfone material used in the Quick-Connect fittings can be compromised by exposure to volatile organic compounds (VOC's) and caustic chemicals. Therefore, **DO NOT** expose this product to any such chemical or foreign substance, which would include exposure to the following products: **Pipe Dopes (thread sealants)**, bug sprays, lubricants, cleaners, paints, bleaches, acids, solder fluxes, plastic piping primers and cements, oxidizing agents, alkaline solutions, thinners, fuels, oil based caulks, hydrocarbons, spray foam of foaming agents (insulation).

*The wetted surface of this product contacted by consumable water contains less than one quarter of one percent (0.25%) of lead by weight.

Watts product specifications in U.S. customary units and metric are approximate and are provided for reference only. For precise measurements, please contact Watts Technical Service. Watts reserves the right to change or modify product design, construction, specifications, or materials without prior notice and without incurring any obligation to make such changes and modifications on Watts products previously or subsequently sold.
