Triplet-Treat™ Protection
For Whole House Water Treatment.

Three-in-one technology for removal of:

✔ Bacteria
✔ Cysts
✔ Tastes
✔ Odors
✔ Sediment
✔ More

Peace of mind and “triple-treat” protection for safe, great tasting water supplied to every tap in your house.
Get Triple-Treat™ protection for every water tap in your house with the Hydro-Safe filtration system!

Get safe, great tasting drinking water, delivered to every tap in your house with the Hydro-Safe filtration system for whole house water treatment.

The unique Hydro-Safe filtration system incorporates three technologies in one unit to provide three-step treatment to remove harmful bacteria, cysts, tastes, odors, sediment, chlorine and other harmful drinking water contaminants.

Here’s how the “triple-treat” process works!

**Step #1**

**0.2 Micro-filtration**

The Hydro-Safe filter cartridge is pleated for greater surface area using a micro-fiber, rated at 0.2 micron. This unique filter media is certified under NSF / ANSI Standard 53 for cysts reduction and has the capacity to remove sub-micron particles and harmful microorganisms with very little pressure drop or flow restriction.

This is an important step in the triple-treat process.

**Step #2**

**Carbon Treatment**

An exceptionally fine activated carbon powder is added to the sub micron filter fiber using an electrostatic bonding process. Activated carbon provides a secondary treatment process to remove chlorine, taste and odors.

**Step #3**

**UV Light disinfection**

During the final process, water flows into a stainless steel reaction chamber where it is exposed to a 254 nanometer UV lamp. Inside this chamber bacteria, viruses and other harmful microorganisms are destroyed to provide disinfection without the use of chemicals.

**Independent lab validated**

Hydro-Safe systems have been tested by Bio-Vir labs to validate performance. Test results confirm bacteria is reduced by 99.9%. *(E-coli bacteria used for tests.)*

**Note:**

Cartridges have double o-rings for superior sealing and performance.
