

# Custom TapeMat<sup>®</sup>

## Heated floors, the easy way

- Order mat for your exact floor plan
- Simply unroll to fit the space
- No cuts or turns required

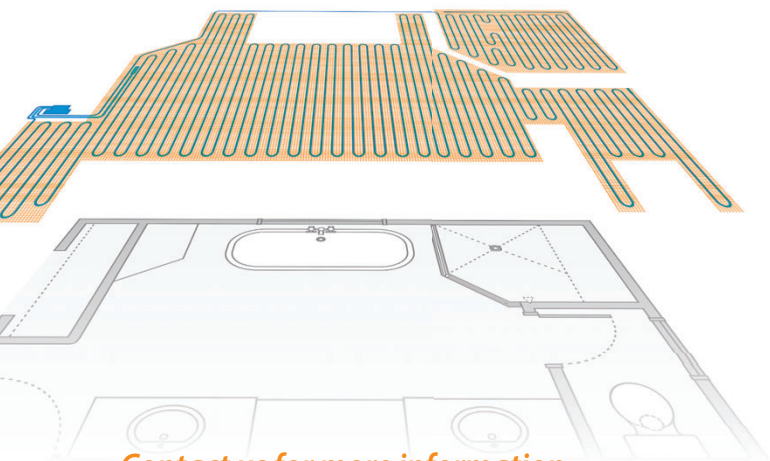

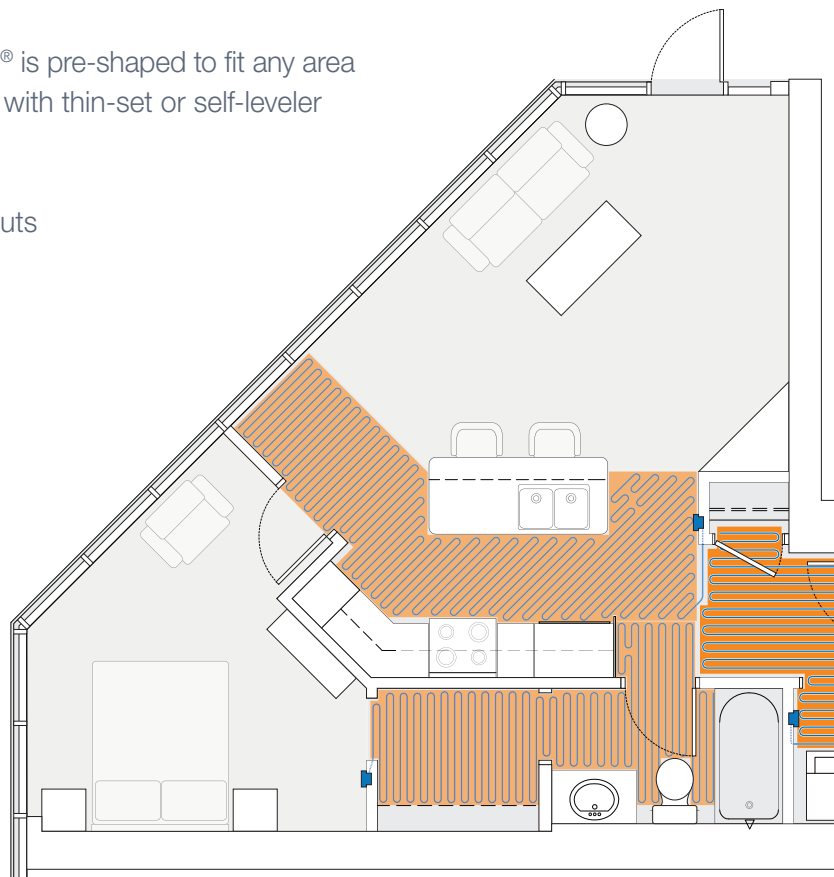

# Custom TapeMat® Electric Floor Heating

## Features & Benefits

- Quicker, simpler, easier installation – Custom TapeMat® is pre-shaped to fit any area
- Open weave TapeMat allows for a 1-step application with thin-set or self-leveler
- Easy alterations if room dimensions change
- Simple to adjust for curves, angles, & cut-outs
- Double-sided tape adheres to subfloor for faster layouts
- UL listed at 12 Watts/square foot

## How to Order

1. Send in a complete drawing to [designs@wattswater.com](mailto:designs@wattswater.com) or call our design team at 800-276-2419.
2. Drawing must include the following:
  - ☐ Complete, accurate dimensions of the area to be heated. Include all wall dimensions from start to finish around the room.
  - ☐ Thermostat location
  - ☐ Dimensions of any obstructions in the heated area (vents, plug-ins, plumbing, etc.)
3. A design showing the Custom TapeMat layout will be faxed back for customer approval. A signature must be on file verifying the accuracy of the layout.
4. Once the design is approved, please send us a purchase order, including:
  - ☐ Custom TapeMat order number
  - ☐ Custom TapeMat project number
  - ☐ Customer's approved signature on the design drawing
5. Mats will ship within 3 business days after receipt of purchase order with the customer approved, signed drawing.
